BENCH CHARGERS

STC 20 / 72 – Part Number ZC5002525/1 – Twin Circuit
Bench or Wall mounted
Charges 6 x 12 Volt Batteries on 2 Circuits
Any Combination of Batteries up to 72Volts per Circuit
6 Way Rotary Switch for Current Control up to 10Amps

STC 10 / 72 – Part Number ZC5002522/1– Single Circuit
Bench or Wall mounted
Charges 6 x 12 Volt Batteries on 1 Circuit
Any Combination of Batteries up to 72Volts per Circuit
6 Way Rotary Switch for Current Control up to 10Amps

MOBILE BOOST CHARGERS

FC80MF – Part Number ZC5002553/1
12 / 24 Volt DC
0-90 minute Timer, Fully automatic
Low Battery Charge Switch
Battery Condition Meter
Output up to **150A**, Boost to **540A**

FC110MF – Part Number ZC5000785/1
6 / 12 / 24 Volt DC
0-90 mins Timer, Fully automatic
Low Battery Charge Switch
Battery Condition Meter
Output up to **150A**, Boost to **670A**

SPECIALIST CHARGER

DCVF12/24 – Part Number **ZC5002492/3**
Automatic, Constant Voltage Float Charger
12 & 24 Volt DC, Output up to 10A
Suitable for Automotive & Leisure Batteries

01788 541326 or Fax - 01788 540937

All except STC20/72 available with 110V input, Delivery 3-4 weeks. Ex Stock models available next day delivery if ordered before 12pm.
